

New Hampshire Best-Interest Fact Organizer

A neutral organizer for child-specific facts relevant to a proposed parenting plan; not a substitute for reading current RSA 461-A.

Planning aid only. Not legal advice, not legal authority, and not an official court form. Court rules, forms, filing requirements, and agency information can change. Verify every legal or procedural step against a current official New Hampshire source before relying on it.

Child-specific needs

- Age, developmental needs, school needs, health care, routines, activities, relationships, and any accommodations.
- For each point, identify the source: personal knowledge, school record, provider record, calendar, order, or other admissible evidence.

Each parent's practical plan

- Housing, sleeping arrangements, work schedule, childcare, transportation, homework support, appointments, and emergency backup.
- Historical caregiving can be relevant, but the requested future schedule should also be detailed and workable.

Co-parenting and safety

- Ability to exchange necessary information, support the child's relationship with the other parent where safe, and follow orders.
- Document legitimate safety concerns accurately. Do not minimize abuse, stalking, coercive control, substance concerns, or threats.
